In A Level Business

you should....

After each lesson

- Read over your notes from previous lesson and comment on what you have learnt
- Use the blended learning resources to improve your learning
- Be prepared to ask questions about what you did not understand
- Add the new key words to your glossary

Every week

- Complete all lesson activities on time in class
- Use your formula sheet to memorise all the business formulas
- Do your homework and be prepared to complete extended learning activities provided in lessons.
- Get ready to review previous lesson to the class

Every term

- Be prepared to complete an in-class assessment based on topics learnt in the term
- Be prepared to participate in a kahoot without your notes
- Be prepared to get your independent learning folder inspected

Throughout the year

- Apply your understanding of operating a Business in exam questions
- Revise thoroughly for all exams and tests
- Use your feedback to improve your learning in particular concepts in business
- Complete all the questions on the A level Business checklist
- Use you independent learning skills to complete past paper questions provided
