Mission statement and the ethos of Archbishop Ilsley Catholic School

School uniform is an essential component in how we uphold high standards at Archbishop Ilsley Catholic School. We believe that school uniform creates a sense of community and supports equality. At the same time, we want uniform to be affordable for families. Limited support is available to support families experiencing hardship.

Formation of this document

The basis of this document has followed government guidance that can be found here: <https://www.gov.uk/government/publications/school-uniform/school-uniforms>

This document has been written collaboratively by the following stakeholders:

- The Black History Focus Group
- Our parent group

Aims

1. We will make school uniform as affordable as possible, providing parents and carers with options for some parts of the uniform
2. We will choose a school uniform that allows pupils to feel part of a community and to feel that they are equal
3. We will communicate our expectations about uniform clearly and consistently to pupils, parents, carers and other interested parties
4. Where possible, we will offer support to families who need help or assistance with providing school uniform for their child/children
5. We will encourage families to recycle used school uniform that is in clean and good condition
6. We will review the uniform policy regularly to ensure that it remains reasonable and as affordable as possible
